INTRODUCTION

Through this policy we aim to create and maintain a safe learning environment where all children and adults feel safe, secure and valued and know they will be listened to and taken seriously. This is in line with the United Nations Convention on the Rights of the Child, Articles 3, 'The best interests of the child must be a top priority in all decisions and actions that affect children' and Article 19, 'Governments must do all they can to ensure that children are protected from all forms of violence, abuse, neglect and bad treatment by their parents or anyone else who looks after them.'

This policy has been developed to ensure that all adults in our school are working together to safeguard and promote the welfare of children and to identify and address any safeguarding concerns and to ensure consistent good practice.

'Safeguarding and promoting the welfare of children is everyone's responsibility. Everyone who comes into contact with children and their families and carers has a role to play in safeguarding children. In order to fulfil this responsibility effectively, all professionals should make sure their approach is child-centred. This means that they should consider, at all times, what is in the best interests of the child.' (KCSIE)

See Part 1 and Annex A of Keeping Children Safe in Education (KCSIE), for definitions and further information about Significant Harm, Physical Abuse, Emotional Abuse, Neglect, Contextual Safeguarding and Complex Safeguarding Issues including Child Sexual Exploitation, Peer on Peer Abuse, Domestic Abuse, Radicalisation, Forced Marriage, Female Genital Mutilation, Modern Slavery, Knife Crime and County Lines.

Safeguarding and promoting the welfare of children goes beyond implementing basic child protection procedures. The aims of this policy are in accordance with both our Mission Statement and our Equal Opportunities Policy and it is an integral part of all of our activities and functions.

'Safeguarding and promoting the welfare of children is defined as:- protecting children from maltreatment; preventing impairment of children's health or development; ensuring that children grow up in circumstances consistent with the provision of safe and effective care; and taking action to enable all children to have the best outcomes.' (KCSIE)

St John Bosco RC Primary School aims to create and maintain a safe learning environment where all children and adults feel safe, secure and valued and know they will be listened to and taken seriously. In line with KCSIE we implement policies, practices and procedures which promote safeguarding and the emotional and physical wellbeing of children, young people and staff.

Access to cross-curricular activities will provide opportunities to develop self-esteem and self-motivation and to help pupils respect the rights of others, particularly those groups who may be considered a minority.

Under the Education Act 2002, schools have a duty to safeguard and promote the welfare of their pupils and are committed to the guidance set out in 'Working Together to Safeguard Children July 2018' and 'Keeping Children Safe in Education Sept 2018'. Our policy ensures that we comply with our Statutory Duties under this legislation (Appendix A). Both documents are stored with the confidential pupil files in the headteacher's office.

Our policy takes account of non-statutory guidance issued by the DfE and other relevant organisations (Appendix B)

Our policy ensures that we work in partnership with other organisations, where appropriate, to identify any concerns about child welfare and take action to address them and that we comply with local policies, procedures and arrangements (Appendix C)

Our policy complements and supports other relevant school policies (Appendix D)

SAFEGUARDING/CHILD PROTECTION POLICY and PROCEDURES

PUPIL VOICE

Children are encouraged to contribute to the development of policies and share their views through school council meetings.

ATTENDANCE

We view poor attendance as a safeguarding issue and in accordance with our Attendance Policy, absences are rigorously pursued and recorded. In partnership with the appropriate agencies, we take action to pursue and address all unauthorised absences in order to safeguard the welfare of children in our care.

Our Attendance Policy identifies how individual cases are managed and how we work proactively with parents/carers to ensure that they understand why attendance is important. In certain cases, this may form part of an Early Help Assessment (EHA) or a Parenting Contract.

We implement the statutory requirements and MCC policy and procedures in terms of monitoring and reporting children missing education (CME) and off-rolling and understand how important this practice is in safeguarding children and young people.

More details can be found in our Attendance and Punctuality Policy.

EXCLUSIONS

The DSL will be involved when a fixed term or permanent exclusion is being discussed and any safeguarding issues will be considered. Where it is felt that a child or young person is likely to be permanently excluded a multi-agency assessment will be instigated to ensure that there is improved understanding of the needs of the young person and their family and that the key agencies are involved.

VULNERABLE GROUPS

We ensure all key staff work together to safeguard vulnerable children, through the monitoring of CPOMS by all three DSL's.

Any child may benefit from early help at times, but all staff will be particularly alert to the potential need for early help for a child who:

- is disabled and has specific additional needs
- has special educational needs (whether or not they have a statutory education, health and care plan)
- is a young carer
- is misusing drugs or alcohol

- is in a family circumstance presenting challenges for the child, such as substance abuse, adult mental health problems or domestic abuse
- is an international new arrival, refugee or asylum seeker
- is looked after, previously looked after or under a special guardianship order.

Children with special educational needs (SEN) and disabilities can face additional safeguarding challenges. All staff are aware that additional barriers can exist when recognising abuse and neglect in this group of children. These can include assumptions that indicators of possible abuse such as behaviour, and injury relate to the child's disability without further exploration, being more prone to peer group isolation the potential for being disproportionately impacted by behaviours such as bullying without outwardly showing any signs; and communication barriers and difficulties in overcoming these barriers.

DOMESTIC ABUSE

The school is aware that children and young people's development, as well as their social and emotional resilience, is affected by many factors including exposure to domestic abuse within the family situation and is a safeguarding issue. Children and young people react to domestic abuse in similar ways to other types of abuse and trauma.

Information about Domestic Abuse and its effect upon children and young people will be incorporated into staff Safeguarding and Child Protection training and briefings and the school's Safeguarding and Child Protection's Policies and Procedures will be used to protect children and young people exposed to, and at risk from, domestic abuse.

The school works with GMP's Operation Encompass. Any child or young person thought to be at immediate risk will be reported without delay to the police service as a 999 emergency and the Manchester Children's Service contact Centre will be contacted as soon as possible.

FORCED MARRIAGE

The school is sensitive to differing family patterns and lifestyles and child-rearing patterns that vary across different racial, ethnic and cultural groups. Forced marriage is a form of child, adult and domestic abuse and, in line with statutory guidance, is treated as such by this school. Child abuse cannot be condoned for religious or cultural reasons. Information about Forced Marriage will be incorporated into staff Safeguarding and Child Protection training and briefings and the school's Safeguarding and Child Protection Policies will be used to protect a victim or potential victim of forced marriage.

If a case of forced marriage is suspected, parents and carers will not be approached or involved about a referral to any other agencies.

FEMALE GENITAL MUTILATION

Staff have been made aware of the threat of Female Genital Mutilation, which in some ethnic groups is still practised, although it is illegal in the U.K. Chapter 9 of Her Majesty's Government's Guidance: Multi-Agency Guidelines: Female Genital mutilation 2014 has been made available to all staff. Appropriate action would be immediately taken in line with this guidance if it was suspected that one of our pupils was subject to Female genital mutilation.

RADICALISATION AND EXTREMISM

All staff have received awareness training in this area in order fulfil the requirements of the PREVENT duty, which places a responsibility on the school to be vigilant in identifying the signs of radicalisation and extremism in children and young people. This training was completed in September 2018.

CASE MANAGEMENT, RECORD KEEPING & MULTI-AGENCY WORKING

KEEPING RECORDS

We keep and maintain up to date information on children on the school roll on CPOMS including where and with whom the child is living, attainment, attendance, referrals to and support from other agencies. The record will also include a chronology of any other significant event in a child's life.

We keep copies of all referrals to Children and Families Services, the Early Help Hub and any other agencies related to safeguarding children.

We keep secure the safeguarding records in a locked cabinet in the headteachers office.

We send a pupil's child protection or safeguarding file separately from the main file to a new establishment if a pupil leaves the school.

RECORDING AND REPORTING CONCERNS

All staff, volunteers and visitors have a responsibility to report any concerns about the welfare and safety of a child and all such concerns must be taken seriously (KCSIE Part 1 in Appendix A). If a concern arises all staff, volunteers and visitors must follow the procedures summarised in KCSIE and in this policy.

All concerns should be recorded on CPOMS including a body map where appropriate and reported verbally to the DSL or one of their deputies.

INFORMING PARENTS/CARERS

Our responsibility is to safeguard and promote the welfare of all the children in our care. We aim to do this in partnership with our parents/carers and would expect them to provide up to date contact details, including at least 2 emergency contacts.

In most cases parents/carers will be informed when concerns are raised about the safety and welfare of their child and given the opportunity to address any concerns raised. We will aim to engage with parents/carers through the LA Early Help processes, including carrying out an Early Help Assessment (EHA).

We will inform, and gain consent, from parents/carers if possible. If a referral is to be made without consent, the reasons will be recorded.

MULTI-AGENCY WORKING

We will develop effective links with Social Workers and other relevant agencies and co-operate as required with any enquiries regarding child protection issues.

We will notify Children's Social Care if:

- a child subject to a child protection plan is at risk of permanent exclusion.
- there is an unexplained absence of a child who is subject to a child protection plan
- it has been agreed as part of any child protection plan or core group plan.

CONFIDENTIALITY & INFORMATION SHARING

Staff will ensure that confidentiality protocols are followed and under no circumstances will they disclose any information about children outside of their professional role. Information about children will only be shared with other members of staff on a need to know basis.

All staff and volunteers understand that they have a professional responsibility to share information with other agencies, if in the child's best interests, in order to safeguard them.

We have arrangements in place that set out clearly the process and principles for sharing information within school and with the three safeguarding partners, other organisations, agencies and practitioners as required. This includes an agreed rationale for when and what to share/when and what not to share and systems for recording the reasons for these decisions.

We comply with the Data Protection Act 2018 and GDPR in that we ensure that we process all personal information fairly and lawfully and keep it safe and secure. We use the Information Commissioners Office guidance regarding retention of records and use the working together document to guide information sharing decisions.

CHILD PROTECTION (CP), CHILD IN NEED (CiN) MEETINGS AND CONFERENCES

We will attend and contribute to initial and review CP conferences, CiN conferences and relevant multi-agency meetings, including core groups.

Members of staff who are asked to attend a CP conference or other core group meetings about an individual pupil/family will have as much relevant updated information about the child as possible and will send a report, using the most up-to-date proforma, to the Chair within the required timescales, at least 48 hours before the conference.

Our reports will include the voice of the child where appropriate. We will discuss and share reports with the parents/carers before the conference. All relevant staff will be confident in using the tools which are part of the Signs of Safety approach.

The designated person or one of the Deputies will attend meetings and if unable to attend during school holidays will send a report.

CONCERNS/DISCLOSURES BY CHILDREN, STAFF & VOLUNTEERS

Any concern, disclosure or expression of disquiet made by a child will be listened to seriously and acted upon as quickly as possible to safeguard his or her welfare.

All staff and volunteers must be clear with children that they cannot promise to keep secrets.

We will make sure that the child or adult who has expressed the concern or made the complaint will be informed not only about the action to be taken but also where possible about the length of time required to resolve the complaint.

We will endeavour to keep the child or adult informed about the progress of the complaint/expression of concern.

SERIOUS CASE REVIEWS (SCRs)

The MSCB will always undertake a serious case review when a child dies (including death by suicide) and abuse or neglect is known or suspected to be a factor in their death. If required, we will cooperate fully with the review process. Our DSL will keep up to date with the findings from SCR in Manchester and share the learning and review our safeguarding procedures if relevant.

THE CURRICULUM

We are committed to promoting emotional health and well-being and to supporting the development of the skills needed to help children keep themselves safe and healthy, develop their self-esteem, develop resilience and understand the responsibilities of adult life, particularly in regard to child care and parenting skills.

All children have access to an appropriate curriculum, differentiated to meet their needs. They are encouraged to express and discuss their ideas, thoughts and feelings through a variety of activities and have access to a range of cultural opportunities which promote the fundamental British values of tolerance, respect and empathy for others. This enables them to learn to develop the necessary skills to build self-esteem, respect others, support those in need, resolve conflict without resorting to violence, question and challenge and to make informed choices in later life.

There is access to a range of extra-curricular activities which promotes these values and supports the social, spiritual, moral well-being and physical and mental health of the pupils.

Personal Health and Social Education lessons provide opportunities for children and young people to discuss and debate a range of subjects including lifestyles, knowing and understanding how to keep themselves safe and different family patterns.

We take account of the latest advice and guidance provided to help address specific vulnerabilities, risks and forms of exploitation including obesity, poor mental health, Child Sexual Exploitation, Radicalisation and Extremism, Modern Slavery, County Lines, Female Genital Mutilation, Forced Marriage. See Appendices for guidance and links to further information.

E-SAFETY

E-safety is a safeguarding issue not an ICT issue. The purpose of Internet use in our school is to help raise educational standards, promote children's' achievement, and support the professional work of staff, as well as enhance our management information and business administration.

The internet is an essential element in 21st century life for education, business and social interaction and we have a duty to provide children with quality access to it as part of their learning experience.

We will ensure that appropriate filtering and monitoring methods are in place to ensure that children are safe in school from all types of inappropriate and unacceptable materials, including terrorist and extremist material. Our filtering services are provided through One Education.

We encourage children to use the Internet safely, including opportunities for them to think and discuss.

We will ensure that children will not misuse their own devices whilst in school by collecting all mobile phones when pupils arrive at school. All parents of children bringing phones to school must complete a mobile phone permission form.

We have separate acceptable use policies (AUPs) for both staff and children. This covers the use of all technologies used, both on and offsite, as outlined in our Internet and e-safety policy.

We follow the MSCB guidelines 'Safeguarding online guidelines for minimum standards' and the advice on the UK Safer Internet Website.

We work with parents to promote good practice in keeping children safe online through sharing information in newsletters and on our school website. We also have a team of pupil digital leaders who have completed training through Childnet International.

SAFER RECRUITMENT & SELECTION OF STAFF

Our recruitment and selection policies and processes adhere to the DfE guidance 'KCSIE'. At least one member of each recruitment panel will have attended up to date Safer Recruitment Training.

All relevant staff (involved in early years settings and/or before or after school care for children under eight) are made aware of the disqualification and disqualification by association legislation and their obligations to disclose relevant information to the Headteacher.

Trainee teachers will be checked either by the school or by the training provider, from whom written confirmation will be obtained. Risk assessments are carried out on all volunteer activities as required.

The school maintains a single central record of recruitment checks undertaken. The Headteacher and governing body will ensure that all external staff and volunteers, including out of hours organisations, using our school site have been recruited safely, including DBS checked as appropriate.

Written notification will be requested from any agency or third party organisation used by us to confirm that the organisation has carried out the statutory recruitment checks for all its activities.

MANAGING ALLEGATIONS AND CONCERNS AGAINST STAFF AND VOLUNTEERS

We adhere to DfE guidance 'KCSIE, Section 4', when dealing with allegations made against staff and volunteers and follow the Manchester Designated Officer (formerly LADO) procedure. (See link to guidance in Appendix D)

All allegations made against a member of staff and volunteers, including contractors or security staff working on site, will be dealt with quickly and fairly and in a way that provides effective protection for the child while at the same time providing support for the person against whom the allegation is made.

Allegations which meet the threshold will be referred to the Designated Officer (formerly known as the LADO) who will oversee the management of the allegation and its investigation. (See link to guidance in Appendix D)

We ensure that all staff are aware of how to raise a concern, including anonymously as a whistleblower. (see Whistleblowing Policy issued to staff annually)

Allegations of abuse made against other pupils

We recognise that children are capable of abusing their peers. Abuse will never be tolerated or passed off as "banter", "just having a laugh" or "part of growing up". We also recognise the gendered nature of peer-on-peer abuse (i.e. that it is more likely that girls will be victims and boys perpetrators). However, all peer-on-peer abuse is unacceptable and will be taken seriously.

Most cases of pupils hurting other pupils will be dealt with under our school's behaviour policy, but this child protection and safeguarding policy will apply to any allegations that raise safeguarding concerns. This might include where the alleged behaviour:

- Is serious, and potentially a criminal offence
- Could put pupils in the school at risk
- Is violent
- Involves pupils being forced to use drugs or alcohol
- Involves sexual exploitation, sexual abuse or sexual harassment, such as indecent exposure, sexual assault, or sexually inappropriate pictures or videos (including sexting)

If a pupil makes an allegation of abuse against another pupil:

- Staff will record the allegation and tell the DSL, but do not investigate it
- The DSL will contact Manchester Children's Service contact Centre and follow its advice, as well as the police if the allegation involves a potential criminal offence

- The DSL will put a risk assessment and support plan into place for all children involved (including the victim(s), the child(ren) against whom the allegation has been made and any others affected) with a named person they can talk to if needed
- The DSL will contact the children and adolescent mental health services (CAMHS), if appropriate

We will minimise the risk of peer-on-peer abuse by:

- Challenging any form of derogatory or sexualised language or behaviour, including requesting or sending sexual images
- Being vigilant to issues that particularly affect different genders – for example, sexualised or aggressive touching or grabbing towards female pupils, and initiation or hazing type violence with respect to boys
- Ensuring our curriculum helps to educate pupils about appropriate behaviour and consent
- Ensuring pupils know they can talk to staff confidentially
- Ensuring staff are trained to understand that a pupil harming a peer could be a sign that the child is being abused themselves, and that this would fall under the scope of this policy

SAFETY ON and OFF SITE

Our site is secure with safeguards in place to prevent any unauthorised access and also to prevent children leaving the site unsupervised.

All visitors, including visiting speakers, are subject to our safeguarding protocols whilst on site and will be supervised at all times, if no checks have been obtained.

We will ensure that any contractor, or any employee of the contractor, who is to work at the school or college, has been subject to the appropriate level of DBS check. We are responsible for determining the appropriate level of supervision depending on the circumstances. We will always check the identity of contractors and their staff on arrival at the school or college.

We will only place children in alternative educational provision (AP) which we have quality assured and is a registered provider. Children who require access to AP will have a personalised learning plan designed to meet their needs. Our DSL will liaise with the AP DSL to ensure a consistent approach and that relevant information is shared.

All school trips are fully risk assessed and no child will be taken off-site without parental permission.
